Why Mathematics at Penn State?

Five things to know about our graduate program:

- Large and diverse faculty (about 60 tenure and tenure-track) covering a wide range of pure and applied mathematics
- Several world-class research groups and centers
- All Teaching Assistants given one semester training program before they begin teaching undergraduate classes
- Competitive stipends and low cost of living
- Safe and lively University town in the beautiful Allegheny mountains, in driving proximity to NYC, DC, Philadelphia, and Pittsburgh
